GEORGIAN FOOTBALL NEWS

Chuck Luffer, GFC Director and Communication Committee Chair

A BETTER IDEA: THE POWER OF DIVERSITY

Encouraged by our Georgian teammates, your GFC Board has devoted much time, energy and civil discourse over the summer months to contemplate our position in relation to globally expressed concerns over prejudice, discrimination and bigotry. We have drafted a statement to expand on our values of Friendship, Football, Fun and Lifelong Learning. Our plan is to publish that statement on our website, and on our new Facebook page before month end, as we launch this year's "New Normal" format for Georgian Homecoming Huddle IV. Visit:

- **our Website at:** <https://www.georgianfootballclub.com/>, or
 - **our Facebook page at:** https://www.facebook.com/Georgians2017/?view_public_for=111790457064378
- for all the details of this important development within the next two weeks.

THIS YEAR'S GOAL IS: \$20,000.00

Extraordinary times call for extraordinary measures.

This year's Huddle IV Fundraiser has a new twist and yes, tax receipts will be issued. Funds are needed to support our team and donations of \$150 and more will be entitled to **FREE GEORGIAN SPORTSWEAR, creations by our own Richie Shapiro! -- see pics on Page 4). We are 100 strong and growing -- 75 players, coaches and trainers and 25 Friends . . . at \$200 a person, we reach our goal! Whatever you can afford is appreciated as we know it is tough times for all. More details to follow shortly with this year's appeal.**

Paul Arsenault becomes Honorary Member and advisor to the board:

Thrilled to say that Paul has recognized our efforts and has consented to give us his incredible input. I think it is safe to say Paul is an Icon of Georgians, Warriors and Stingers altogether. We welcome Paul with open hearts as he has already left his legacy.

Loyola Warriors join in: Warriors are Concordia Alumni too, and after seeing what we accomplished, they have decided to follow suit and join our efforts to make a difference, while we all leave our legacy. We welcome our old friends and foes into the Concordia Alumni family. Georgians and Warriors now in discussion on doing shared activities and programs.

Team needs our help more than ever

... players good nutritional meals. Your board has been in discussion with Coach Brad and we have committed to be of help. Food is important! Therefore a portion from the cash we raise will be diverted to be of help.

2020 football season on hold . . . but not really:

While our Stingers and other teams in the league will not be playing football games this season, they are all beginning vigorous training camps to be football ready in the event the schedule kicks in.

While disappointed in not being able to play games, Coach Brad assures us it is football as usual. Time has advantages in helping our team to focus on improvements in physical conditioning, mental focus, diet and nutrition.

Brother and sister Georgians, more than ever in these tough times we ask all Alumni to help us reach our goal of \$20,000 in support of our young Stinger student-athletes.

Note from your Board of Directors:

We meet regularly. And we always have you in mind. We are already planning for next year's activities as it will be an enormous attendance to be sure. Seems like all Georgians and Warriors want to be present more than ever and for all the right reasons. Time together being the most important. The only good thing about Covid 19 is the desire and passion of wanting to party hearty with you all . . . and we will!

We'd love to hear from you . . . Make some noise!

Your Georgian Football Club Board of Directors

Bobby, Bill, Dougie, Ralph, Chuck, Andy, Pete, Richie and Sam and Paul too!

For Friendship, Football, Fun and Lifelong Learning

GEORGIAN SPORTSWEAR: BE A PLAYER!

Guys and Gals, all the details for making your donations and earning free sportswear are just ahead in our next GFC Newsletter/Appeal. Watch for it in your email box and flaunt your Georgian colours all the while you are supporting our Stinger team players!
